IT Custom Solution.

Press kit guide

Package edition · 1 November 2026

The press kit is available as a reading PDF and as a ZIP containing PDFs, copyable text and the supplied portrait files. Use the PDFs for reading or printing and the text files for editorial reuse.

ZIP contents

- it-custom-solution-press-kit.pdf
- it-custom-solution-approved-bios-and-facts.pdf
- it-custom-solution-press-kit-readme.pdf
- nmsdc-mbe-certification-release.pdf
- capability-statement.pdf
- it-custom-solution-approved-bios-and-facts.txt
- it-custom-solution-press-kit-readme.txt
- nmsdc-mbe-certification-release.txt
- olufela-lu-fagbure-headshot.jpg
- olufela-lu-fagbure-headshot-800.jpg

Editorial use

Materials support editorial coverage, podcast booking, panel introductions and supplier background. Preserve the distinction between held credentials and pending applications. The certification announcement retains its original 8 July 2026 publication date; its editorial note identifies later company updates.

The supplied portraits are unchanged. For image credit, reproduction rights, alternative formats or another crop, contact ITC's press inbox.
